

Sur les bords de la Meuse,
j'ai trouvé un grand carré.

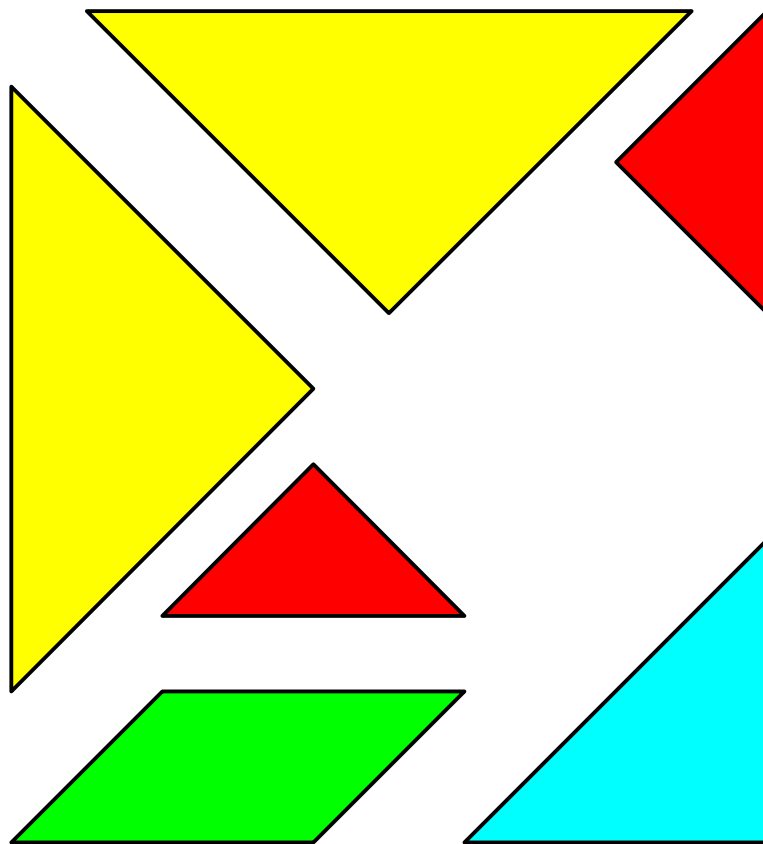

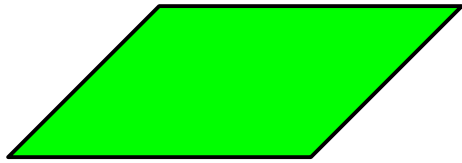

Oh le beau carré à
partager...

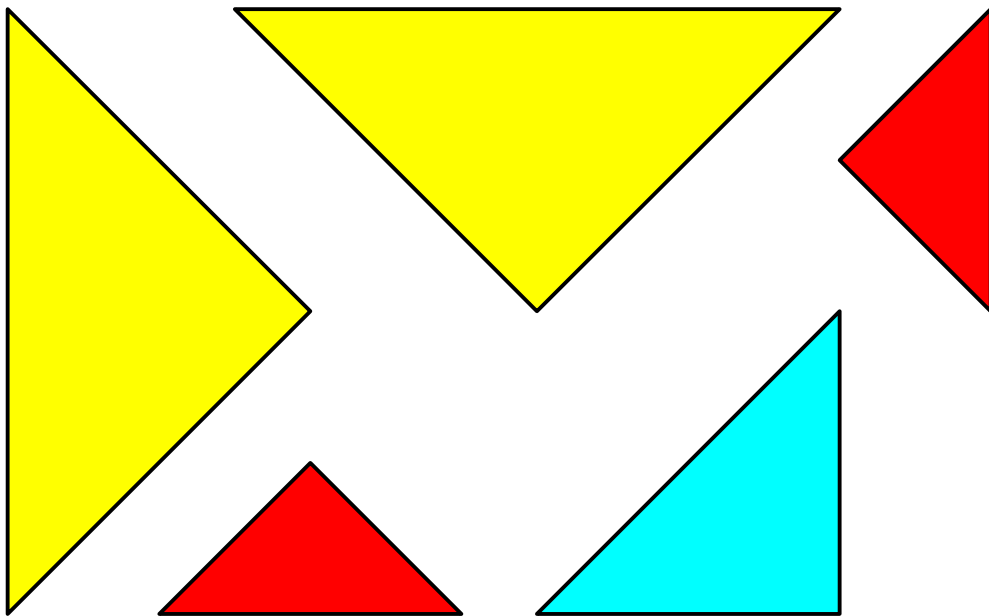

Le petit carré rose, je le
donne à mon copain Arnaud.

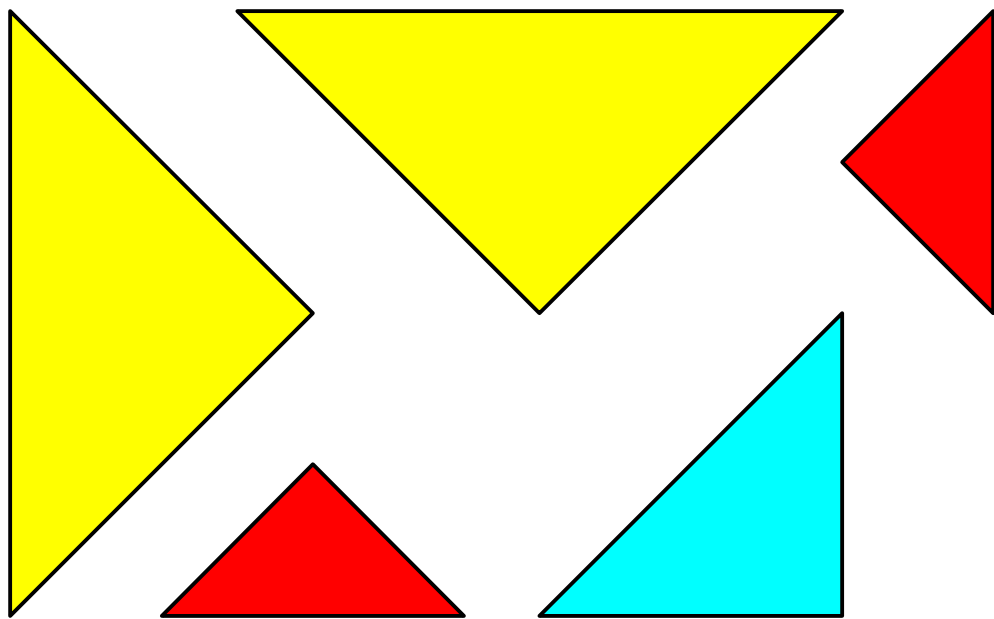

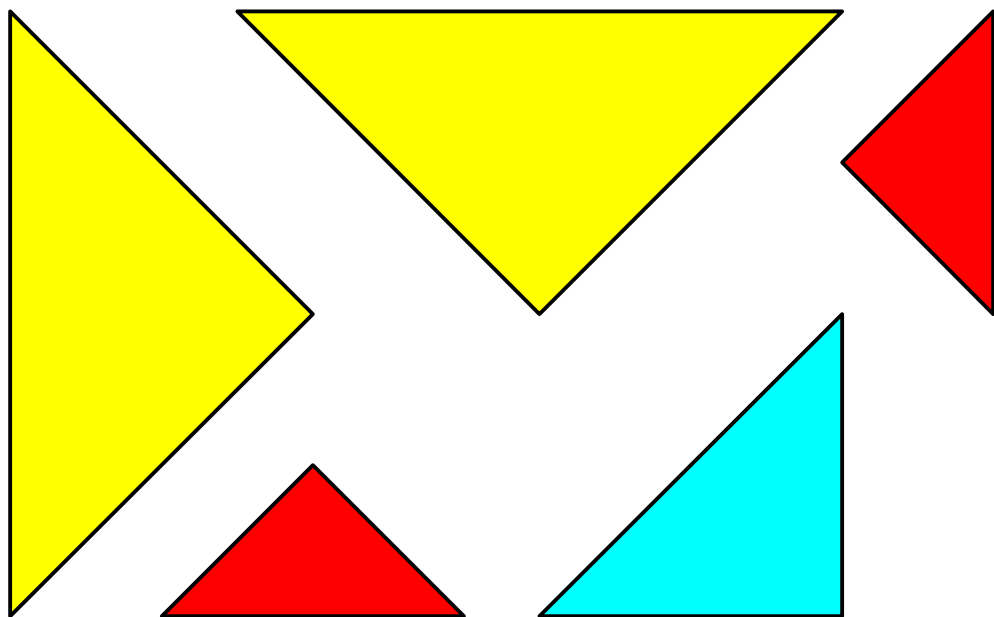

Oh, une figure verte à 4 côtés. Ce n'est pas un carré, ce n'est pas un rectangle, je la donne à ma copine Céline.

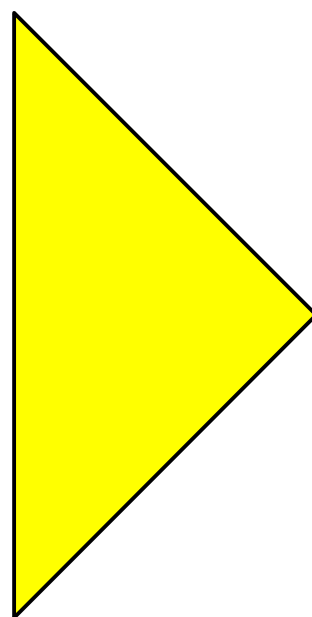

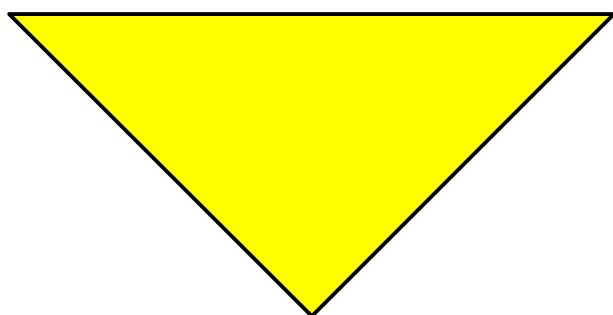

Il ne me reste que des triangles, je les compte : 1, 2, 3, 4, 5. Il me reste 5 triangles.

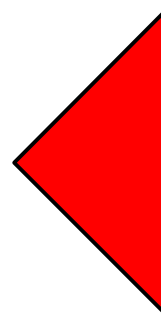

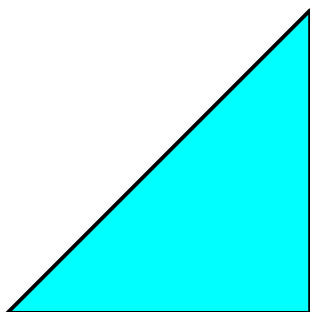

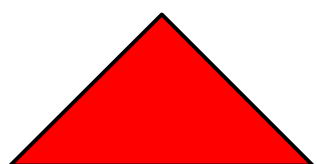

Je vois 2 grands triangles
jaunes, 1 moyen triangle
bleu et 2 petits triangles
rouges.

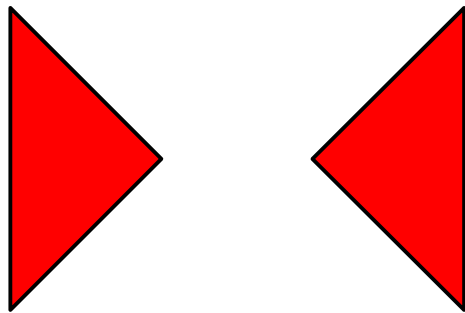

Je donne les 2 grands triangles jaunes à mon Papy Gilbert.

Il me reste 3 triangles.

Je donne le moyen triangle bleu à ma mamie Nicole. IL me reste 2 triangles.

Je donne les 2 petits triangles rouges à mon tonton Dominique. Je n'ai plus de triangles. J'ai 0 triangle.
